

Dear participants,

MSNG 2021 conference will be held online on 14-16 July 2021. During the conference, oral presentations will be made by establishing direct online connections using the ZOOM program. Therefore, our session chairpersons have the authority to give voice to the participants in their sessions and to allow image sharing during their sessions. The ZOOM links of ROOM1 and ROOM2 will be sent to the e-mail addresses of the participants who registered for the MSNG 2021 Conference, and the participants will be able to attend the session they want from these addresses. Conference participation links can be shared with your graduate and doctoral students, but they should not be shared with people who have not registered from outside.

Poster presentations will be on the system as offline presentations on 14, 15 and 16 July and the participants will be able to watch them during the conference.

The scientific program will not be changed, please consider the presentation dates and times.

MSNG 2021
